EXPERIENCE

Rocky Mountain Arsenal — February, 2016 - Present

Contract position. Currently working with a team to create and maintain custom software and web applications for the US Army and Department of Interior using Java EE, JavaScript, IBM WebSphere and MS SQL Server technologies. We are currently working in the design, development, management and support of database solutions. I am responsible for a large code base migration of legacy VB 6 applications to a Java /Javascript technology stack.

Preston Aronson, DC, LLC — Founded 2012 - Present

Managed all business operations, treatment services, billing, and marketing for 2 office locations.

Mountain Medical Care, LLC — 2010 - Present

Promoted to primary preferred provider for MMC services. Authored and rendered expert medical-legal opinions for complex cases. Assisted business networking and marketing efforts to allied providers and attorneys.

MSK Medical, LLC — 2014 - 2015

Generated over \$180,000 in account receivables for the recently opened Denver location. Primary chiropractic and acupuncture provider for main office.
